In order for our physician to provide you and your patient with the best possible consultation, we will need the following medical records PRIOR to the scheduled appointment:

Oncology Visit:

DIAGNOSIS

- Referring physician notes, initial consult, operation notes, procedure notes, any hospital records and a copy of the patient's current medications
- All radiology reports (chest x-rays, CT, MRI, PET, mammograms, bone scans, EKG, venous doppler, ultrasounds)
- Most recent lab work (last 3 visits)
- Pathology reports (needle biopsy, ER/PR, Her2Neu)
- Tumor Markers, if feasible, to assist with staging and treatment plan

GYN Patients: Additional Information Needed for GYN Patients

- PAP
- Ultrasound
- If patient is already diagnosed:
 - Pathology Reports
 - Radiology Reports
 - Labs
