

Medical Record Information

In order to ensure the patient scheduling process is as seamless as possible, please send the following patient medical record information to Virginia Oncology Associates.

Oncology Visit*:

- DIAGNOSIS
- Referring physician notes, initial consult, operation notes, procedure notes, any hospital records and a copy of the patient's current medications
- All radiology reports (chest x-rays, CT, MRI, PET, mammograms, bone scans, EKG, venous doppler, ultrasounds)
- Most recent lab work (last 3 visits)
- Pathology reports (needle biopsy, ER/PR, Her2Neu)
- Tumor Markers, if feasible, to assist with staging and treatment plan

GYN Patients: Additional Information Needed for GYN Patients*

- PAP
- Ultrasound
- If patient is already diagnosed,
 - Pathology Reports
 - Radiology Reports
 - Labs

Hematology Visit*:

- DIAGNOSIS
- Referring physician notes, initial consult, operation notes, procedure notes, any hospital records and a copy of the patient's current medications
- All radiology reports (chest x-rays, CT, MRI, PET, mammograms, bone scans, EKG, venous doppler, ultrasounds)
- All lab work (CBC's - previous 5 years, all others - 2 year history)
- Pathology reports (needle biopsy, ER/PR, Her2Neu)

Medical Record Information

If you have questions, please contact our office at Southside 757-466-8683 or Peninsula 757-873-9400. Select Option "0" to speak with a medical records representative.

*Tri-Care patients must bring their medical records a week (five days) before first visit.
